

DCS ReadOnly

Group	Users	Network Device Group	Last Denial	Cmd Denies
98	LAN Admins Audit	1 EMEA	30/11/2006	3
100	LAN Admins West Coast	2		
101	LAN Admins East Coast	2		
102	LAN Admins EMEA	2		
103	LAN Admins ASIAPAC	2		

Notes:

This report lists each of the Shared Device Command Sets (DCS) within the ACS database together with the group(s) that reference them, the date of the last authorisation denial and the number of denials in the last 30 days.

To get valid usage data you must have also imported TACACS+ Administration logs.

TIP: Use this report to assess the impact of any planned DCS changes you wish to make.
